

GO WILD

ABOUT THE GIPPSLAND LAKES!

GIPPSLAND LAKES SUMMER OF WILDLIFE

Join the biggest wildlife expedition ever on the Gippsland Lakes!

Become a citizen scientist, make new discoveries and learn all about our local fauna - from frogs to fish, birds to butterflies, and everything in between.

Meet Museum Victoria scientists, international experts and researchers in a discovery of our region's unique wildlife.

Scientific discovery for all ages at Lakes Entrance, Paynesville, Eagle Point, Sale Common, Stratford and Nyerimilang.

All events are free! Great fun for all ages.

Forests

Saturday 14th March
Forest Wildlife Discovery,
Nyerimilang Heritage Park,
Kalimna

3.00-8.30pm

Join Museum Victoria scientists for walks, talks and discovery of the many creatures of our coastal forest, through sampling, photography and displays in the grounds of the historic Nyerimilang Homestead. Indigenous cultural display, light refreshments and much more.

Wildlife walks commence at 3pm, 5pm and 7pm.

Sunday 15th March
Forest Wildlife Discovery,
Log Crossing
(Colquhoun State Forest, off Princes Hwy,
west of Lakes Entrance)

10am-2pm

Join Museum Victoria scientists in exploring the creatures of the Colquhoun forest, through sampling, photography, and displays.

Wildlife walks commence at 10am, 11am and 12pm.

All events are free.
